

***FLU UPDATE* as of 12/03/2019**

After lengthy discussions we have decided on the below protocol for our centre.

Our Bio Security measures here at Codham Park

Please present your Horse / Pony passport at the secretary's reception for checking before off loading your animals.

Please be aware that British Eventing & JumpCross HQ has ADVISED that any animal competing must now have had a flu booster in the last six months before competing,

British Showjumping & British Dressage are per there rules. Boosters given on the day will not be accepted.

We at Codham Park would prefer the 6 month vaccination, BUT will accept the 12 month annual Booster! if No Breaks have been between vaccinations.

For horses that have just started vaccinations, they MUST have had their first 2 jabs with at least 7 Days after the 2nd vaccination before coming to our Venue.

Also, it is important to remember that having a flu booster means that you should still have your animals Tetanus Vaccination as well which may fall at a different time in the year.

**If you have any queries regarding the above please contact us,
Sharon 07769 907076 or Jo 07880 728550**
